

Breeding Conditions for AINZ Clarence (Clarry) for the Current Breeding Season

The New Zealand breeding season runs each year from the 1st of September to the 31st of March. This contract covers both fresh and frozen semen from AINZ Clarence.

AINZ Sporthorses is excited to offer to the public the stallion, AINZ Clarence, for this breeding season.

AINZ Clarence (Clarry) is the son of AINZ Georgie, who is by Lansing. Georgie has fully proven herself by winning Champion Filly Foal and Champion Foal in the Classification Tour in 2010, then again winning Champion Foundation Mare in the 2014 Classification Tour when she entered the Studbook for breeding. Clarry is by the legendary Holsteiner stallion Clearway (Capital – Lord), bred by Otto Boje Schoof.

Clarry is a very modern and conformationally correct stallion. He has great presence, power, and three floating, expressive, off-the-ground gaits. He stands at 160 cm and is truly a versatile New Zealand stallion, perfect for our breeders and riders, as he crosses well with both New Zealand mares and European mares. His dam carries excellent Thoroughbred bloodlines. All Clarry foals are eligible for entry into the Holsteiner Verband Global Studbook and for receiving a European passport.

Fees for Fresh Semen

The service fee for Clarry is \$1500 + GST, LFG + collection costs.

1. Upon accepting this agreement, a non-refundable booking fee of \$500 + GST (NZD) is due. This will nominate the mare named on this contract, which you have completed online.
2. You will be sent an invoice from CryNZ, and once the booking fee is paid, Clarry will be made available, whenever possible, to be collected for your nominated mare until she is pregnant.
3. If he is not available when you require semen, you may be offered frozen semen in place of fresh.
4. You must give a minimum of 3 days' notice when ordering a fresh semen collection.
5. There may be times when Clarry is only available for a set time frame, and it is advisable to check these times so you can plan your mare's breeding accordingly.
6. All collection and shipping costs must be paid at the time of collection to CryNZ.
7. Semen must only be used on the nominated mare.
8. All documents accompanying the semen must be completed by the vet or AI technician at the time of insemination and returned to CryNZ.

Fees for Frozen Semen

The service fee for Clarry is \$1500 + GST, LFG.

1. Upon accepting this agreement, a non-refundable booking fee of \$500 + GST (NZD) is due. This will nominate the mare named on this contract, which you have completed online.
 - If your mare fails to become pregnant after the 3 doses/inseminations are used, the service fee is not required to be paid.
2. The balance of \$1000 + GST is payable on a 30-day positive pregnancy test.
3. Any freight and distribution charges (transport of semen) are at the expense of the mare owner.
 - In the event you are transferring from fresh to frozen semen, you will have three doses (one at a time) made available to you to secure a pregnancy.

Conditions of Use

1. The semen must be used only on the mare nominated on this contract (listed on the online booking form).
2. The semen handling and inseminations must be performed by an approved veterinarian or an approved AI technician.
3. All documents accompanying the semen must be completed and returned to CryNZ after each insemination, along with all empty straws.
4. The semen dose rate will accompany all shipments of Clarry semen. The dose rate must be adhered to, and all straws must be used in each dose. No splitting of doses.
5. The use of semen for ICSI is not permitted.
6. If the mare is intended for embryo transfer, this must be stated at the time of booking and notified to CryNZ.
7. Any unused semen must be returned to CryNZ at the mare owner's expense.
8. If for any reason it becomes necessary for Clarry to be gelded, then only frozen semen will be available to complete the LFG, subject to the time restrictions explained in the LFG guidelines.
9. If your mare becomes unsuitable for breeding after the contract is agreed upon, you may be able to negotiate to nominate a second mare or postpone the breeding until the next season. This is only available on an individual basis.

LFG Conditions

The Live Foal Guarantee (LFG) is only available once the full service fee of \$1500 + GST is paid.

- The LFG is available for a total of two breeding seasons following the date of the initial booking (the current breeding season and the following year).
- This means you may return your mare for breeding to Clarry if your mare slips the pregnancy after the full service fee is paid, or if the foal dies before it is 24 hours old.
- If your mare does not conceive after the booking fee is paid, you may return your mare the following season only without paying the booking fee again.
- Veterinary notice of all such instances will be required.
